Supervision Policy

Policy
This policy applies to all aspects of playground supervision in our school.

Purpose
This policy provides clear guidelines for all children, staff and parents about the expectations of the behaviour of students and of the supervision requirements of staff.

Outcomes
The framework established by this document will:
- Ensure that we provides a safe playground environment
- Ensure that supervision is consistent across all staff

School Playground Supervision Requirements
A roster for playground supervision is provided each term.
- Teachers are asked to be prompt when arriving on duty.
- Supervision must be ACTIVE and VIGILANT supervision (No long conversations to parents or teachers)
- Playground rules should be enforced, dangerous behaviour stopped, dangerous objects confiscated and Principal informed. Out-of-bounds areas are to be regularly patrolled.
- Duty of care exists before AND after school. All staff must be aware of children who have not left the playground by 3.30pm. The office should be notified.
- Duty of care DOES exist if students turn up very early or stay very late. Once the ‘gate is open’ the professional relationship exists.
- Playground rules must be regularly enforced and publicly proclaimed.
- Playground equipment should be regularly inspected.
- Supervision must be constant and consistent. Teachers need to talk to each other to ensure the same rules are being enforced.
- Dangerous items are never to be returned to students.
- Staff must not leave playground until relieved of duty.
