

## ***Our Lady of Perpetual Succour Catholic Primary School***

### **An Open Letter to Parents and Caregivers**

Choosing a school for your child is a challenging task. By visiting a school and seeing for yourself how it operates, you will be in a good position to judge for yourself. You must feel confident that the school you choose can provide a high standard of education, which will enable your child to reach their fullest capabilities in every area of their development.

In a Catholic school, parents and teachers work together in a very special way to ensure that the Catholic faith is developed according to the teachings of the Church. At OLPS, the school has close ties with the parish faith community and operates in an integrated way within the school, parish and local community.

**At OLPS we believe** we have a responsibility to tell the Good News of Jesus and to live our lives according to His Word.

**At OLPS we believe** that as the primary educators of their children, parents have the right to talk to teachers about their child's needs, be informed about their child's achievements and be involved in a dialogue about their child's education.

**At OLPS we believe** that teachers have a responsibility to identify students' strengths and needs in all areas of their development, plan programs that meet students' needs and meet the requirements of the Catholic Schools Office, Broken Bay in following the outcomes based approaches of all current NSW syllabus documents.

**You're invited** to read our Vision and Mission Statement, visit our school and observe our quality programs operating in what we believe is a most effective learning and recreational environment.
